

LSB Industries, Inc. Reports That Its Chemical Business' Cherokee, Alabama Facility Resumes Production

December 31, 2014

OKLAHOMA CITY--(BUSINESS WIRE)--Dec. 31, 2014-- LSB Industries, Inc. (NYSE:LXU) ("LSB or the Company") today announced that on December 28, 2014, its chemical plant facility in Cherokee, Alabama ("Cherokee Facility") resumed production after being taken out of service in late November 2014 for unplanned maintenance, as previously disclosed. The Cherokee Facility is currently producing at its historical rate.

About LSB Industries, Inc.

LSB is a manufacturing and marketing company. LSB's principal business activities consist of the manufacture and sale of chemical products for the agricultural, mining, and industrial markets, and the manufacture and sale of commercial and residential climate control products, such as water source and geothermal heat pumps, hydronic fan coils, modular chillers, large custom air handlers and make-up air units.

This press release includes certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements generally are identified by use of the words "believes", "expects", "intends", "anticipates", "plans to", "estimates", "projects", or similar expressions, including, without limitation, the Cherokee Facility is currently producing at its historical rate. Actual results may differ materially from the forward-looking statements as a result of various future events, including without limitation, general economic conditions, weather conditions, customer demands and the "Risk Factors" in our most recent 10-K and Form 10-Qs for quarters ended March 31, June 30 and September 30, 2014. These forward looking statements speak only as of the date of this press release, and LSB expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statement contained herein to reflect any change in LSB's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.
