

## LSB Industries Set to Join the Russell 3000® Index

June 23, 2022

OKLAHOMA CITY--(BUSINESS WIRE)--Jun. 23, 2022-- LSB Industries, Inc. ("LSB" or "the Company"), (NYSE: LXU), is set to join the broad-market Russell 3000® Index at the conclusion of the 2022 Russell indexes annual reconstitution, effective after the US market opens on June 27, according to a preliminary list of additions posted June 3.

Annual Russell indexes reconstitution captures the 4,000 largest US stocks as of May 6, ranking them by total market capitalization. Membership in the US all-cap Russell 3000® Index, which remains in place for one year, means automatic inclusion in the large-cap Russell 1000® Index or small-cap Russell 2000® Index as well as the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell indexes primarily by objective, market-capitalization rankings and style attributes.

"Our addition to the Russell 3000® is a testament to the successful transformation we've executed with our operations and capital structure, coupled with the strength of our end markets," stated Mark Behrman, President, and Chief Executive Officer of LSB Industries. "Becoming a new component of the Russell indices will broaden our shareholder base and raise our profile with the investment community, which we would expect to be beneficial to all of our shareholders."

Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for active investment strategies. Approximately \$12 trillion in assets are benchmarked against Russell's US indexes. Russell indexes are part of FTSE Russell, a leading global index provider.
