Section 8 – Other Events**Item 8.01. Other Events.**

As previously reported, LSB Industries, Inc. (the “Company”) filed an insurance claim for losses and damages in connection with the May 15, 2012, explosion of a reactor in the 98% strength nitric acid plant at the Company’s chemical facility located in El Dorado, Arkansas. The Company’s insurance carriers previously paid \$60 million on the claim. Effective October 23, 2013, the Company settled the claim with its insurance carriers for the aggregate amount of \$113 million, comprised of \$60 million previously paid to the Company and \$53 million to be paid to the Company within 30 days from October 23, 2013. The \$113 million settlement amount is net of the Company’s \$1 million insurance deductible.

This insurance claim conclusion does not include the pending insurance claim regarding a pipe rupture that occurred in November 2012 at our Cherokee, Alabama location. The Cherokee plant insurance claim is currently being adjusted by the Company’s insurers.
