Your vote is important. To ensure the presence of a quorum at the annual meeting, please sign and promptly return the enclosed Proxy Card in the accompanying self-addressed envelope, which requires no postage if mailed in the United States. In addition, you can vote by telephone or Internet. Instructions are included on the proxy card. Even though you may own only a few shares, your proxy is important in making up the total number of shares necessary to hold the meeting. Whether or not you plan to attend the meeting, please vote your shares or direct your vote by following the instructions described in your proxy card or in the notice of Internet availability you received in the mail. Your vote will be greatly appreciated.

Due to recent rule changes, brokers are not permitted to vote their customers' shares for the election of directors or for the advisory votes on executive compensation or the frequency of such advisory votes, unless their customers return voting instructions. Therefore, if your shares are held in street name by your bank or broker, it is important for you to return your voting instructions to your broker in order that your shares are voted for these matters.

PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 2, 2011

SOLICITATION OF PROXIES

Solicitation

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of LSB Industries, Inc. for proxies to be voted at the Annual Meeting of Stockholders to take place on Thursday, June 2, 2011, at 11:30 a.m. at the Company's offices located at 16 South Pennsylvania Avenue, Oklahoma City, Oklahoma and at any adjournment thereof. This proxy statement and the proxy card are being first sent to the stockholders of the Company on or about May 6, 2011.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What matters are being considered?

You will be voting on each of the following items of business:

- (1) The election of five nominees to the Board of Directors;
- (2) The ratification of the appointment of the independent registered public accounting firm for 2011;
- (3) The advisory vote on executive compensation; and
- (4) The advisory vote on the frequency or future advisory votes on executive compensation.

The Board of Directors recommends a vote "FOR" each of the proposals. The Board of Directors recommends holding the advisory vote on executive compensation every THREE years.

Will other matters be brought before the meeting?

The Board of Directors does not intend to bring any other matters before the annual meeting and does not expect any other items of business because the deadline for stockholder proposals and nominations has already past. However, if any other matter is properly brought before the annual meeting, the accompanying proxy gives discretionary authority to the persons named in the proxy with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment on such matter.

Who is entitled to vote at the meeting?

You may vote if you owned voting stock as of the close of business on April 18, 2011, which is the record date for determining who is eligible to vote at the annual meeting.

As of the close of business on the record date, we had the following shares of common stock and voting preferred stock issued and outstanding which were eligible to vote:

- (a) 22,125,762 shares of common stock (excluding 4,320,462 shares held in treasury), with each share entitled to one vote;
- (b) 474 shares of Convertible Noncumulative Preferred Stock ("Noncumulative Preferred"), with each full share entitled to one vote and each half share entitled to one-half of one vote;
- (c) 20,000 shares of Series B 12% Cumulative Convertible Preferred Stock ("Series B Preferred"), with each share entitled to one vote; and

(d) 1,000,000 shares of Series D 6% Cumulative Convertible Preferred Stock (“Series D Preferred”), with each share entitled to .875 of one vote.

Shares of our Noncumulative Preferred, Series B Preferred and Series D Preferred are referred to as our “voting preferred stock.” All of our outstanding shares of common stock and voting preferred stock will vote together as a single class on all matters coming before the annual meeting.

What constitutes a quorum?

In order to conduct the annual meeting, we must have a quorum. A majority of all of the outstanding shares of common stock and voting preferred stock, represented as a single class, entitled to notice of, and to vote at, the annual meeting, represented in person or by proxy, will constitute a quorum for the meeting.

What vote is required to approve the items under consideration?

- Directors are elected by a plurality of the shares present in person or represented by proxy and entitled to vote at the annual meeting.
- The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the annual meeting.
- The advisory vote on executive compensation requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the annual meeting.

How can I cast my vote?

If you are a stockholder whose shares are registered in your name, you may vote your shares in person at the meeting or by one of the three following methods:

- **Vote by Internet**, by going to the web address www.envisionreports.com/LXU and following the instructions for Internet voting.
- **Vote by Telephone**, by dialing 1-800-652-VOTE (8683), which is a toll-free number, and following the instructions for telephone voting.
- **Vote by Proxy Card**, by completing, signing, dating and mailing the enclosed proxy card in the envelope provided. If you vote by Internet or telephone, please do not mail your proxy card.

If your shares are held in “street name” (through a broker, bank or other nominee), you may receive a separate voting instruction form with this proxy statement, or you may need to contact your broker, bank or other nominee to determine whether you will be able to vote electronically using the Internet or by telephone.

Can I change my mind after I vote?

Yes, you may change your mind at any time before the polls close at the meeting. You can change your vote by:

- executing and submitting a revised proxy;
- providing a written revocation to the Secretary of the Company; or
- voting in person at the meeting.

In the absence of a revocation, shares represented by the proxies will be voted at the meeting. Your attendance at the meeting will not automatically revoke your proxy. If you do not hold your shares directly, you should follow the instructions provided by your broker, bank or nominee to revoke your previously voted proxy.

What if I sign and return my proxy card but I do not include voting instructions?

If you sign your proxy card and return it to us but you do not include voting instructions as to the proposal, your proxy will be voted “FOR” the proposals 1, 2 and 3 and for Three Years for proposal 4.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare Trust Company, N.A., P.O. Box 43078, Providence, Rhode Island 02940-3078, (800) 884-4225 (US and Canada) and (781) 575-4706 (outside U.S. and Canada).

Will my shares be voted if I do not provide my proxy?

No. If your shares are registered in your name, they will not be voted, unless you submit your proxy or vote in person at the meeting. If you hold your shares directly in your own name, you must vote, either by completing, signing and delivering a proxy, voting by telephone or the Internet, or attending the meeting and voting at the meeting.

If your stock is held in your brokerage account, you should instruct your broker how your shares should be voted. If you fail to give your broker instructions, in some cases but not others the broker may submit a “broker non-vote.”

If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a “broker non-vote.” In these cases, the broker can register your shares as being present at the annual meeting for purposes of determining the presence of a quorum, but will not be able to vote on those matters for which specific authorization is required under the rules of the New York Stock Exchange (“NYSE”).

If you are a beneficial owner whose shares are held of record by a broker, the NYSE rules permit your broker to vote your shares on the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2011 fiscal year. However, as a result of an NYSE rule change that is effective for the annual meeting, the broker may not vote on the election of directors, the advisory vote on executive compensation or the advisory vote on the frequency of the vote on executive compensation without instructions from you. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

Are abstentions counted?

If your proxy indicates an abstention from voting on the proposal, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Because abstentions represent shares entitled to vote, if you abstain from voting on a proposal, your abstention (a) will have no effect on the election of directors and (b) will have the effect of a vote against the ratification of the appointment of the independent registered public accounting firm.

Who will count the votes?

All votes will be tabulated by our transfer agent, Computershare Trust Company, N.A., who will serve as the inspector of election for the annual meeting.

What is the deadline for submission of stockholder proposals for the 2012 annual meeting?

If you wish to submit proposals to be included in our proxy statement for our 2012 annual meeting, proposals must be received at our principal executive offices in writing not later than January 7, 2012. Proposals must satisfy the procedures set forth in Rule 14a-8 under the Securities Exchange Act of 1934, or the Exchange Act. Proposals should be addressed to David M. Shear, Secretary, LSB Industries, Inc., 16 South Pennsylvania Avenue, Post Office Box 754, Oklahoma City, Oklahoma 73101.

The deadline for providing us with timely notice of matters that you otherwise desire to introduce at our next annual meeting of stockholders, other than those that will be included in our proxy materials, is not later than January 7, 2012, but not before December 8, 2011; provided that if the date of the annual meeting is more than 30 days before or more than 60 days after June 2, 2012, the notice must be received not later than 90th day prior to such annual meeting, or if later, the 10th day following the date on which the public disclosure of the date of such annual meeting was made. The written notice must set forth the information specified in the Bylaws.

If you wish to present a proposal, but you fail to notify us by such deadline, you will not be entitled to present the proposal at the meeting.

Who is paying the cost of this solicitation?

We will pay for preparing, printing and mailing this proxy statement. Proxies may be solicited on our behalf by our directors, officers or employees, without additional consideration, in person or by telephone, electronic transmission and facsimile transmission. We will reimburse banks, brokers and other custodians, nominees and fiduciaries for their out-of-pocket costs of sending the proxy materials to our beneficial owners. We have also retained and will pay for the services of Georgeson, Inc. to assist in the solicitation of proxies for a fee of \$6,500, plus reasonable charges and out-of-pocket expenses incurred by them.

Stockholder List

A list of stockholders entitled to vote at the annual meeting will be open to the examination of any stockholder for any purpose germane to the annual meeting during ordinary business hours commencing 10 days before the annual meeting. The list will be maintained at our principal executive offices located at 16 South Pennsylvania Avenue, Oklahoma City, Oklahoma.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934 (“Exchange Act”), we are providing stockholders with an advisory (non-binding) vote on the compensation of our named executive officers (this vote is sometimes referred to as “say on pay”). Accordingly, you may vote on the following resolution at the 2011 annual meeting:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative discussion, in the Company’s 2011 Annual Meeting Proxy Statement.

This is an advisory vote, which is not binding on the Board. The Board and the Compensation and Stock Option Committee (“Compensation Committee”) and the Nominating Committee, which are comprised of independent directors, will review and take into account the outcome of this vote when considering future executive compensation decisions. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure, in this proxy statement, which provide information about our compensation policies and the compensation of our named executive officers.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE RESOLUTION APPROVING
THE COMPANY’S EXECUTIVE COMPENSATION. PROXIES GIVEN WITHOUT INSTRUCTIONS WILL BE VOTED “FOR” APPROVAL OF THIS
RESOLUTION.**

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, in addition to providing stockholders with the opportunity to cast an advisory vote on executive compensation, the Company is providing stockholders with an advisory vote on whether the advisory vote on executive compensation should be held every one, two or three years.

The Board believes that a frequency of “every three years” for the advisory vote on executive compensation is the most appropriate choice for conducting and responding to a “say on pay” vote for the Company. Stockholders who have concerns about executive compensation during the interval between “say on pay” votes are always encouraged to bring their specific concerns to the attention of the Board. Please refer to “Communications with the Board of Directors” in this proxy statement for information about communicating with the Board.

Our Board has determined that an advisory vote on executive compensation that occurs once every three years is the most appropriate for the Company and therefore our Board recommends that you vote for a three-year interval for the advisory vote on executive compensation. The Board believes an advisory vote at this frequency provides our stockholders with sufficient time to evaluate the effectiveness of our overall compensation philosophy, policies and practices in the context of our long-term business results for the corresponding period, while avoiding over-emphasis on short-term or annual variations in compensation and business results. An advisory vote occurring once every three years will also permit our stockholders to observe and evaluate the impact of any changes to our executive compensation policies and practices which have occurred since the last advisory vote on executive compensation, including changes made in response to the outcome of a prior advisory vote on our executive compensation.

We value and consider shareholder input on corporate governance matters and on our executive compensation program and practices, and we look forward to hearing from our shareholders on this proposal.

We are requesting your non-binding vote on the following resolution:

RESOLVED, that the shareholders recommend, in a nonbinding advisory vote, whether a nonbinding advisory vote to approve the compensation of the Company’s named executive officers should occur every one, two or three years.

Although this advisory vote on the frequency of the “say on pay” vote is non-binding, the Board and the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR “EVERY THREE YEARS” FOR FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION, AND PROXIES GIVEN WITHOUT INSTRUCTIONS WILL BE SO VOTED.

CORPORATE GOVERNANCE

Meetings of the Board of Directors

Our Board of Directors held nine meetings in 2010. During 2010, no director attended fewer than 75% of the aggregate of the meetings of the Board of Directors and the meetings held by all committees of the Board of Directors on which each served. Although we do not currently have a policy with respect to the attendance of our directors at the annual meeting, the Company encourages each of its directors to attend whenever possible. A majority of the directors attended the Company’s 2010 annual meeting of stockholders.

Committees of the Board of Directors

The Board has three separately-designated and standing committees: an Audit Committee, a Compensation Committee and a Nominating Committee. The Board has adopted written charters for each of these standing committees. The committee charters and corporate governance guidelines are available on the Company’s website at

www.lsb-okc.com or in paper form upon request to our corporate secretary. The Board has determined that all members of these committees are independent directors and satisfy the Securities and Exchange Commission ("SEC") and NYSE requirements for independence.

Board of Directors Leadership Structure

The Board of Director's current policy is that the positions of Chairman and Chief Executive Officer be held by the same person. When evaluating the Company's leadership structure, the Board has considered the fact that a majority of the Board is comprised of independent directors who are qualified and experienced and that the Board's key committees – Audit, Compensation, and Nominating – are comprised entirely of independent directors. In addition, as discussed below, the Board has designated an independent director to serve as lead independent director with significant corporate governance responsibilities. The Board believes that these factors provide an appropriate balance between the authority of the Board of Directors and those who manage the Company on a day-to-day basis.

The Board of Directors believes that this leadership structure has served the Company well over the years by providing strong, unified, and consistent leadership and direction and, in combination with the Company's other corporate governance policies and procedures, is in the best interests of the Company's stockholders. The Board believes that having one leader serving both the Chairman and Chief Executive Officer positions provides decisive and effective leadership. The Board of Directors may separate these positions in the future should circumstances change, such as in connection with a transition in leadership.

The Board of Directors bi-annually appoints a lead independent director from among the independent directors to coordinate the activities of the other independent directors and enhance the role of the independent directors in the overall corporate governance of the Company. Mr. Shelley is the current lead director. The lead director:

- presides at meetings of the Board at which the chairman or vice chairman is not present, including executive sessions of the independent directors and non-management directors;
- serves as a liaison between the chairman and the independent directors;
- oversees the Board's stockholder communications policies;
- has the authority to call meetings of the independent directors or non-management directors and to prepare the agendas for each meeting; and
- consults with the Chairman of the Board on meeting agendas and information provided to the Board, including the authority to add items to the agendas for any meeting and reviews and approves meeting schedules.

Nominating Committee

Nominating Committee. The Nominating Committee consists entirely of independent directors who were appointed by the Board to serve until their successors are appointed and qualify. The members of the Nominating Committee are Mr. Shelley (Chairman), Mr. Ackerman, Mr. Ille and Mr. Rhodes. Mr. Ackerman is retiring from the Board of Directors and the Nominating Committee as of the annual meeting. The Nominating Committee's primary responsibility is the annual identification and presentation to the Board of a list of qualified individuals recommended for nomination for election to the Board of Directors at the annual meeting of stockholders. In addition to its primary responsibility, the Nominating Committee is also responsible for:

- recommending to the Board the selection criteria that should be considered for membership on the Board of Directors;
- the periodic assessment of the selection criteria, and the recommendation of any changes to the selection criteria;
- identifying director candidates meeting the selection criteria and aiding in attracting such candidates as directors;
- the consideration of proposed director candidates, in light of the selection and performance criteria adopted by the Board;
- reviewing the qualifications of incumbent, replacement or additional director candidates; and
- making periodic recommendations to the Board regarding its size and composition.

During 2010, the Nominating Committee held four regularly scheduled meetings. The Nominating Committee operates under a written charter. The Nominating Committee Charter is available on our website at www.lsb-okc.com or in paper form upon request to our corporate secretary.

The Nominating Committee will consider the qualifications of director candidates recommended by stockholders and evaluate each of them using the same criteria the Nominating Committee uses for incumbent candidates. Director candidate recommendations by stockholders must be made in compliance with the procedures set forth in our Bylaws by notice in writing delivered or mailed by first class U.S. mail, postage prepaid, to the Chairman of the Nominating Committee, in care of the Corporate Secretary of the Company, 16 South Pennsylvania Avenue, Oklahoma City, Oklahoma 73107. Please indicate on the envelope "Nominating Committee."

Only persons who are nominated in accordance with the procedures set forth in our Bylaws are eligible for election as directors. Nominations of persons for election to the Board of Directors may be made at a meeting of stockholders at which directors are to be elected only (i) by or at the direction of the Board of Directors; or (ii) by any stockholder of the Company entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in our Bylaws. A director nomination made by a stockholder must be delivered or mailed to and received at our principal executive offices not less than 120 nor more than 150 days prior to the date of the meeting; provided, however, that in the event the date of the annual meeting is more than 30 days before or more than 60 days after such date, notice by the stockholder to be timely must be so delivered, or mailed and received not later than the 90th day prior to such annual meeting, or if later, the 10th day following the date on which the public disclosure of the date of such annual meeting was so made.

The Bylaws also provide that a stockholder meeting the above notice requirements may nominate an independent director in the Company's proxy statement, if the additional specified conditions set forth in our Bylaws, are satisfied. The following is a summary of the additional conditions:

- the stockholder, together with the stockholder's affiliates, must have held at least 5% of the voting power of the Company's outstanding securities for at least one year (the "Required Interest");
- the stockholder must provide certain information relating to the proposed nominee;
- the stockholder must agree to indemnify the Company for all liabilities arising out of the information provided by the stockholder;
- the stockholder must undertake to continue to hold for one year following the election of directors at the annual meeting the greater of (i) the Required Interest or (ii) 75% of the stockholder's interest as of the last day on which stockholder nominations may be made under the Bylaws;
- the stockholder must agree not to acquire the greater of (i) 10% of the Company's outstanding voting securities or (ii) an additional 5% of the voting power in the Company's securities in excess of the voting power held by the stockholder as of the last day on which stockholder nominations may be made under the Bylaws;
- the sum of the number of directors serving on the Board of Directors as a result of the proxy access procedures, plus the number of directors to be included in the Company's proxy materials for the next annual meeting pursuant to the proxy access procedures may not exceed 25% of the total number of directors that constitute the whole Board; and
- certain other conditions as set forth in the Bylaws.

Audit Committee

The Company has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The members of the Audit Committee are Messrs. Bernard Ille (Chairman), Charles Burtch, Horace Rhodes, Ray Ackerman and John Shelley. Mr. Ackerman is retiring from the Board of Directors and the Audit Committee effective as of the annual meeting. The Board has determined that each member of the Audit Committee is independent, and satisfies the SEC and NYSE requirements for independence. During 2010, the Audit Committee had five meetings. The Audit Committee operates under a written charter. The Audit Committee Charter is available on our website at www.lsb-okc.com or in paper form upon request to our corporate secretary.

The Audit Committee assists the Board of Directors in monitoring the integrity of our financial statements, the independent registered public accounting firm's qualifications and independence, the performance of our internal audit function and independent registered public accounting firm, and our compliance with legal and regulatory requirements. In carrying out these purposes, the Audit Committee, among other things:

- appoints, evaluates, and approves the compensation of, our independent registered public accounting firm;
- pre-approves all auditing services and permitted non-audit services;
- annually considers the qualifications and independence of the independent registered public accounting firm;
- reviews recommendations of independent registered public accounting firm concerning our accounting principles, internal controls and accounting procedures and practices;
- reviews and approves the scope of the annual audit;
- reviews and discusses with the independent registered public accounting firm the audited financial statements;
- reviews and discusses with the independent registered public accounting firm the unaudited quarterly financial statements; and
- performs such other duties as set forth in the Audit Committee Charter.

Audit Committee Financial Expert

While the Board of Directors endorses the effectiveness of our Audit Committee, its membership does not presently include a director that qualifies for designation as an "audit committee financial expert," within the meaning of applicable SEC and NYSE rules. However, each of the current members of the Audit Committee is independent and financially literate as defined by the rules of the SEC and NYSE, and is able to read and understand fundamental financial statements. At least one of its members has financial management expertise. The Board of Directors believes that the background and experience of each member of the Audit Committee is sufficient to fulfill the duties of the Audit Committee. For these reasons, although members of our Audit Committee are not professionally engaged in the practice of accounting or auditing, our Board of Directors has concluded that the ability of our Audit Committee to perform its duties is not impaired by the absence of an "audit committee financial expert."

Audit Committee Report

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviewed:

- the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, practices and judgments;
- the reasonableness of significant judgments; and the clarity of disclosures in the financial statements;
- the integrity of the Company's financial reporting processes and controls; and
- the selection and evaluation of the independent registered public accounting firm, including the review of all relationships between the independent registered accounting firm and the Company.

The Audit Committee reviewed with the independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61, as amended). In addition, the Audit Committee has discussed with the independent registered public accounting firm the auditors' independence from management and us, and has received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by Public Company Accounting Oversight Board Ethics and Independence Rule 3526 (Communication with Audit Committees Concerning Independence), and considered the compatibility of nonaudit services with the auditors' independence.

The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal control, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC. The Audit Committee appointed Ernst & Young LLP as our independent registered public accounting firm for 2011.

Engagement of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for approving all engagements with Ernst & Young LLP to perform audit or non-audit services for us prior to us engaging Ernst & Young LLP to provide those services. All of the services under the headings Audit Related, Tax Services, and All Other Fees were approved by the Audit Committee in accordance with paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X of the Exchange Act. The Audit Committee of our Board of Directors has considered whether Ernst & Young LLP's provision of the services described above for the fiscal years ended December 31, 2010 and 2009 is compatible with maintaining its independence.

Audit Committee's Pre-Approval Policies and Procedures

All audit and non-audit services that may be provided to us by our principal accountant, Ernst & Young LLP, require pre-approval by the Audit Committee. Further, Ernst & Young LLP shall not provide to us those services specifically prohibited by the SEC, including bookkeeping or other services related to the accounting records or financial statements of the audit client; financial information systems design and implementation; appraisal or valuation services, fairness opinion, or contribution-in-kind reports; actuarial services; internal audit outsourcing services; management functions; human resources; broker-dealer, investment adviser, or investment banking services; legal services and expert services unrelated to the audit; and any other service that the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

Oversight of Risk Management

The Board oversees management's risk management activities through a combination of processes, including credit risk, liquidity risk, and operational risk. The Board believes effective risk management will:

- timely identify the material risks that the Company encounters,
- communicate necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant Board Committee,
- implement appropriate and responsive risk management strategies consistent with Company's risk profile, and
- integrate risk management into Company decision-making.

In addition to the Company's formal compliance program, the Board encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations. The Board also continually works, with the input of the Company's executive officers, to assess and analyze the most likely areas of future risk for the Company. The Board believes that the important risk oversight functions performed by the Audit Committee, the Disclosure Committee, the Compensation Committee, and the full Board, permits the Board to effectively perform its role in the risk oversight of the Company.

Code of Ethics

The Chief Executive Officer, the Chief Financial Officer, the principal accounting officer, and the controller of the Company and each of our subsidiaries, or persons performing similar functions, are subject to our Code of Ethics and Statement of Policy Concerning Business Conduct. We and each of our subsidiary companies have adopted a Statement of Policy Concerning Business Conduct applicable to our employees.

Our Code of Ethics and Statement of Policy Concerning Business Conduct are available on our website at www.lsb-okc.com. We will post any amendments to these documents, as well as any waivers that are required to be disclosed pursuant to the rules of either the SEC or the NYSE, on our website (to the extent applicable to the Company's executive officers, senior financial officers or directors).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors, officers, and beneficial owners of more than 10% of LSB's common stock to file with the SEC reports of holdings and changes in beneficial ownership of LSB's stock. Based solely on a review of copies of the Forms 3, 4 and 5 and amendments thereto furnished to us with respect to 2010, or written representations that no Form 5 was required to be filed, we believe that during 2010 all our directors and officers and beneficial owners of more than 10% of LSB's common stock filed timely their required Forms 3, 4, or 5, except Horace Rhodes, who inadvertently filed one late Form 4 to report one transaction.

Compensation Committee

The Compensation Committee has three members and met five times during 2010. The Compensation Committee is comprised of Messrs. Horace Rhodes (Chairman), Charles Burtch and Bernard Ille, each of whom is a non-employee, independent director in accordance with the rules of the NYSE. The Board has adopted a

Compensation and Stock Option Committee Charter, which governs the responsibilities of the Compensation Committee. This charter is available on our website at www.lsb-okc.com, and is also available from the Company upon request.

The Compensation Committee's responsibilities include, among other duties, the responsibility to:

- establish the base salary, incentive compensation and any other compensation for our executive officers;
- administer our management incentive and stock-based compensation plans, non-qualified death benefits, salary continuation and welfare plans, and discharge the duties imposed on the Compensation Committee by the terms of those plans; and
- perform other functions or duties deemed appropriate by the Board.

Decisions regarding non-equity compensation of our non-executive officers and our executive officers named in the Summary Compensation Table (the "named executive officers") other than the Chief Executive Officer and the President, are made by our Chief Executive Officer and presented for approval or modification by the Committee.

The agenda for meetings of the Compensation Committee is determined by its Chairman with the assistance of our Chief Executive Officer. Committee meetings are regularly attended by the Chief Executive Officer. At each Compensation Committee meeting, the Compensation Committee also meets in executive session without the Chief Executive Officer. The Committee's Chairman reports to the Board the Compensation Committee's recommendations on compensation for the Chief Executive Officer and the President. The Chief Executive Officer may be delegated authority to fulfill certain administrative duties regarding the compensation programs.

The Compensation Committee has authority under its charter to retain, approve fees for, and terminate advisors, consultants and agents as it deems necessary to assist in the fulfillment of its responsibilities. If an outside consultant is engaged, the Compensation Committee reviews the total fees paid to such outside consultant by the Company to ensure that the consultant maintains its objectivity and independence when rendering advice to the Compensation Committee. No outside consultants were engaged by the Compensation Committee during 2010.

Board Independence

The Board of Directors has determined that each of Messrs. Ackerman, Burtch, Butkin, Ille, Munson, Rhodes, Perry, Shelley and Ms. Lapidus is an "independent director" in accordance with the current listing standards of the NYSE.

The Board of Directors has affirmatively determined that each of Messrs. Ackerman, Burtch, Butkin, Ille, Munson, Rhodes, Perry, Shelley and Ms. Lapidus has no material relationship with the Company whether directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. Directors responded to a questionnaire asking about their relationships with us (and those of their immediate family members) and other potential conflicts of interest. In addition, the Board of Directors reviewed and considered information related to transactions, relationships, or arrangements between us and the directors or parties related to the directors and determined that each of the directors listed above are independent, and that the members of the Audit, Compensation, and Nominating Committees meet the independence tests of the NYSE and the SEC.

Communication with the Board of Directors

Our Board of Directors believes that it is important for us to have a process whereby stockholders may send communications to the Board. Accordingly, stockholders and interested parties who wish to communicate with the Board of Directors, the lead director, the independent directors as a group, or a particular director may do so by sending a letter to Lead Director at 16 S. Pennsylvania Avenue, Oklahoma City, OK 73107. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." All such letters must identify the author as a stockholder or an interested party and clearly state whether the intended recipients are all members of the Board of Directors, the independent directors, non-management directors, or only certain specified individual directors. The lead director will make copies of all such letters and circulate them to the appropriate director or directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

Our long-term success depends on our ability to efficiently operate our facilities, to continue to develop our product lines and technologies, and to focus on developing our product markets. To achieve these goals, it is important that we be able to attract, motivate, and retain highly talented individuals who are committed to our values and goals.

The Compensation Committee has responsibility for the establishment in consultation with management, of our compensation philosophy for our senior executive officers and the implementation and oversight of a compensation program consistent with the philosophy. This group of senior executive officers includes the named executive officers, as well as our other executives.

A primary objective of the Compensation Committee is to ensure that the compensation paid to the senior executive officers is fair, reasonable, competitive, and provides incentives for superior performance. The Compensation Committee is responsible for approval of all decisions for the direct compensation, including the base salary and bonuses, stock options and other benefit programs for our senior executive officers, including the named executive officers.

In general, the day-to-day administration of savings, health and welfare plans and policies are handled by a team of our legal and finance department employees. The Compensation Committee (or Board) remains responsible for key policy changes outside of the day-to-day requirements necessary to maintain these plans and policies.

Compensation Philosophy and Objectives

The Compensation Committee believes that the most effective executive compensation program rewards the executive's achievements and contribution towards the Company achieving its long-term strategic goals. However, the Compensation Committee does not believe that executive compensation should be tied to specific numeric or formulaic financial goals or stock price achievement by the Company. The Compensation Committee recognizes that, given the volatility of the markets in which we do business, our economic performance in any given time frame may not be an accurate measurement of our senior executive officers' performance.

The Compensation Committee values both personal contribution and teamwork as factors to be rewarded. The Compensation Committee believes that it is important to align executives' interests with those of stockholders through the use of stock option incentive programs. When granted, stock options are granted with an exercise price equal to their grant date value, in accordance with our stock option incentive programs. The Compensation Committee evaluates both performance and compensation and considers previously granted options to ensure that we maintain our ability to attract and retain highly talented employees in key positions, and that compensation provided to key employees will remain competitive relative to our other senior executive officers. The Compensation Committee believes that executive compensation packages should include both cash and stock-based compensation, as well as other benefit programs to encourage senior executive officers to remain with the Company and have interests aligned with those of the Company. As a result, the Compensation Committee reviews the number of stock options exercised by senior executive officers during recent periods, if any, as well as stock options currently held by the senior executive officers. This analysis enables the Compensation Committee to determine whether the grant of additional stock based compensation may be advisable to ensure that our senior executive officers' interests are aligned with those of the Company. Based on the foregoing, the Compensation Committee bases its executive compensation program on the following criteria:

- Compensation should be based on the level of job responsibility, executive performance, and our performance.
- Compensation should enable us to attract and retain key talent.
- Compensation should be competitive with compensation offered by other companies that compete with us for talented individuals in our geographic area.
- Compensation should reward performance.
- Compensation should motivate executives to achieve our strategic and operational goals.

Setting Executive Compensation

The Compensation Committee sets annual cash and non-cash executive compensation to reward the named executive officers for achievement and to motivate the named executive officers to achieve long-term business objectives. The Compensation Committee is unable to use peer group comparisons in determining the compensation package because of the diverse nature of our lines of business. While the Compensation Committee does not specifically consider the profitability of the Company or the market value of the Company's stock when considering the compensation of any executive officer, the Committee may consider these factors as part of the overall determination regarding executive compensation levels generally.

The Compensation Committee considers individual performance and contributions over a sustained time period. Each of the named executives has served the Company for many years and their pay reflects they have consistently contributed and are expected to continue to contribute to the Company's success. After an assessment of a named executive's past performance, and expected future contribution to the company's results, as well as the performance of any business or function he leads, the Compensation Committee uses its judgment in determining the amount of bonus or equity award and the resulting percentage change from the prior year. We incorporate current-year, past and expected performance into our compensation decisions, and percentage increases or decreases in the amount of annual compensation therefore tend to be gradual rather than focused solely or largely on current-year performance. The decision is made on a subjective and individual basis after consideration of all relevant factors.

Although the Compensation Committee has not engaged outside consultants to assist in conducting its annual review of the total compensation program, it may do so in the future. The Compensation Committee reviewed some generally available national and regional compensation information for companies of our size. This information was used to determine whether our compensation amounts are within the range of similarly sized companies. The Compensation Committee considered base salary and current bonus awards in determining overall compensation. The Compensation Committee does not have a policy allocating long term and currently paid compensation. The Compensation Committee also considered the allocation between cash and non-cash compensation amounts, but does not have a specific formula or required allocation between such compensation amounts. Instead, such amounts are taken into account as part of the overall compensation determination. The Compensation Committee compares the Chief Executive Officer's total compensation to the total compensation of our other named executive officers. However, the Compensation Committee has not established a target ratio between total compensation of the Chief Executive Officer and the median total compensation level for the next lower tier of management. The Compensation Committee also considers internal pay equity among the named executive officers and in relation to next lower tier of management in order to maintain compensation levels that are consistent with the individual contributions and responsibilities of those executive officers. The Compensation Committee does not consider amounts payable under severance agreements when setting the annual compensation of the named executive officers.

Role of Executive Officers in Compensation Decisions

Our Chief Executive Officer annually reviews the performance of each of our named executive officers (other than the Chief Executive Officer and the President) and presents to the Compensation Committee recommendations with respect to salary, bonuses and other benefit items. The Compensation Committee considers and reviews such recommendations in light of the Compensation Committee's philosophy and objectives and exercises its discretion in accepting or modifying the recommended compensation. In determining compensation for the Chief Executive Officer and the President, the Compensation Committee reviews the responsibilities and performance of each of them. Such review includes interviewing both the Chief Executive Officer and the President and consideration of the Compensation Committee's observations of the Chief Executive Officer and the President during the applicable year.

2010 Executive Compensation Components

For the fiscal year ended December 31, 2010, the principal components of compensation for the named executive officers were:

- base salary;
- cash bonus;
- death benefit and salary continuation programs; and
- perquisites and other personal benefits.

The Compensation Committee did not award equity-based compensation, such as stock options, to the named executive officers in 2010. As discussed below, the Compensation Committee awarded salary increases and bonuses to the named executive officers for 2010. Those awards were considered sufficient to provide competitively based incentives to our executives to advance company performance, without granting equity based compensation as well. The Committee's assessment was that the named executive officers in 2010 continued to maintain a sufficient ownership interest in the Company to provide alignment with the Company's long-term interests.

Base Salary

We provide the named executive officers and other senior executive officers with base salary to compensate them for services rendered during the year. We do not have a defined benefit or qualified retirement plan for our executives. This factor is considered when setting the base compensation for senior executive officers since it is expected that senior executive officers will take responsibility for their individual retirement plan arrangements.

Base salaries are determined for the named executive officers in the discretion of the Compensation Committee based upon the recommendations of the Chief Executive Officer's assessment of the executive's compensation, both individually and relative to the other senior executive officers, and based upon an assessment of the individual performance of the executive during the preceding year. In determining the base salary for the Chief Executive Officer and the President, the Compensation Committee exercises its judgment based on its observations of such senior executive officers and the Compensation Committee's assessment of such officers' contribution to the Company's performance and other leadership achievements. Although the Compensation Committee does not use specific performance targets to set base salaries or bonuses, the Compensation Committee awarded salary increases in 2010 based on the above criteria and with consideration of the overall improved economic performance of the Company during challenging economic conditions.

Bonuses

The Compensation Committee may award cash bonuses to the named executive officers to reward outstanding performance. No bonus is guaranteed, and there is no defined range of bonus amounts that the Compensation Committee may award. Bonus awards are made at the Compensation Committee's discretion based upon an assessment of an individual's overall contribution to the Company. Based on the assessments and recommendations described below, the Compensation Committee awarded bonuses to the managers and executive officers in 2010. Bonus awards are based upon assessment of an individual's overall contribution to the Company. This assessment includes a subjective analysis of the achievement of an individual's goals for their areas of responsibility, the individual's contribution to the achievement of our priorities and strategic plans, and the individual's material accomplishments achieved during the year. In considering an individual's overall contribution to the Company, the Compensation Committee will account for the individual's level of experience relevant to the Company's businesses, the individual's tenure with the Company, and the individual's level of responsibility. The assessment is a subjective evaluation of accomplishment and contribution to the Company and is not based on the achievement of specific performance metrics. Our Chief Executive Officer ("CEO"), Jack E. Golsen, provides the Compensation Committee with his assessment of the contributions to the Company during the applicable year by our named executive officers other than for himself and Barry H. Golsen, our President, for purposes of determining bonus compensation for such year. The Compensation Committee discusses our CEOs recommendations with the CEO, and in the past has generally accepted the CEOs' recommendations as to bonuses for our named executive officers. With respect to bonus awards for Jack E. Golsen and Barry H. Golsen, the Compensation Committee assesses the overall contribution of each of them based on the interaction with each of them, review of the matters that are presented to the Board of Directors for consideration or discussion, and interviews with other senior executive officers.

In assessing the overall contribution of Jack E. Golsen to the Company for purposes of bonus compensation, the Compensation Committee considered Mr. Golsen's management of the Company through challenging global economic conditions, the profitability of the Company, the retention and development of our executive team, his development of key business relationships for the Company, and his efforts in developing strategies for the Company's future revenue and market growth. Mr. Golsen's level of responsibility and the effectiveness of his leadership were also considered in the assessment of his overall contribution to the Company during 2010. In addition, the Compensation Committee considered Mr. Golsen's Employment Agreement with the Company.

The assessment of Barry H. Golsen's overall contribution to the Company for purposes of determining his bonus compensation included his leadership of the Company and our climate control and chemical businesses through challenging global economic conditions, profitability of the Company for 2010, his retention and development of our management, his accomplishments in developing improved investor and shareholder communication, and his efforts in developing the Company's future market growth.

The assessment of Tony M. The assessment of Steven J. Golsen's overall contribution to the Company for purposes of determining his bonus compensation included his leadership of our climate control business and machine tool and specialized engineering business through challenging global economic conditions, profitability of the Company for 2010, his recruitment, retention and development of our management and his involvement in developing plans for the Company's future growth.

Death Benefit and Salary Continuation Plans

We sponsor non-qualified arrangements to provide a death benefit to the designated beneficiary of certain key employees (including certain of the named executive officers) in the event of such executive's death (the "Death Benefit Plans"). We also have a non-qualified arrangement with certain of our key employees (including certain of the named executive officers) to provide compensation to such individuals in the event that they are employed by the Company at age 65 (the "Salary Continuation Plans").

Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2010, are discussed in footnote (1) and included in column (i) of the "Summary Compensation Table."

The Compensation Committee believes that the Death Benefit and Salary Continuation Plans are significant factors in:

- enabling the Company to retain its named executive officers;
- encouraging our named executive officers to render outstanding service; and
- maintaining competitive levels of total compensation.

Perquisites and Other Personal Benefits

We and the Compensation Committee believe that perquisites are necessary and appropriate parts of total compensation that contribute to our ability to attract and retain superior executives. Accordingly, we and the Compensation Committee provided our named executive officers and certain other executive officers a limited number of perquisites that are reasonable and consistent with our overall compensation program.

We currently provide the named executive officers with the use of our automobiles, provide cell phones that are used primarily for business purposes, and pay the country club dues for certain of the executive officers. The executive officers are expected to use the country club in large part for business purposes.

The Compensation Committee periodically reviews the levels of perquisites provided to the named executive officers to determine whether such perquisites are consistent with our compensation policies.

Severance Agreements

We have entered into change of control severance agreements with certain key employees, including the named executive officers. The severance agreements are designed to promote stability and continuity of senior management. The severance agreements provide generally that if a executive officer who is a party to a severance agreement is terminated, other than for cause, within 24 months after the occurrence of a change-in-control of the Company or the executive officer terminates his employment for good reason following a change in control, we must pay the executive officer an amount equal to 2.9 times the officer's average annual gross salary for the last five years preceding the change in control. The Compensation Committee believes that the severance agreements are an important element in retaining our senior management. These severance agreements are described under "Severance Agreements" below. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading "Potential Payments Upon Termination or Change-In-Control."

Employment Agreement

We have no employment agreements with our named executive officers, except with Jack E. Golsen, our Chief Executive Officer. The terms of Mr. Golsen's employment agreement are described below under "Employment Agreement." We believe that Mr. Golsen's employment agreement promotes stability in our senior management and encourages Mr. Golsen to provide superior service to us. The current term of the Employment Agreement expires March 21, 2014, but will automatically renew for up to two additional three-year periods, unless earlier terminated by either party with one years' notice.

Ownership Guidelines

At this time, we have not established any guidelines which require our executive officers to acquire and hold our common stock. However, our named executive officers have historically acquired and maintained a significant ownership position in our common stock.

Tax and Accounting Implications

Deductibility of Executive Compensation - Section 162(m) of the Internal Revenue Code, provides that we may not deduct compensation of more than \$1,000,000 of employee remuneration for named executive officers. However, the statute exempts qualifying performance-based compensation from the deduction limit when specified requirements are met. In the past, we have granted non-qualifying stock options to the named executive officers that do not meet the performance-based compensation criteria and are subject to the Section 162(m) limitation.

As a result of the exercise of non-qualifying stock options, our aggregate reported compensation, for tax purposes, to Barry H. Golsen exceeded the Section 162(m) deductibility limits in 2008 by \$350,000, which represents a cost to the Company of \$137,000 as a result of the lost tax deduction. Our compensation deduction was not limited by Section 162(m) in 2010 and 2009.

Accounting for Stock-Based Compensation - We account for stock-based payments, including our incentive and nonqualified stock options, in accordance with United States generally accepted accounting principles.

Compensation and Stock Option Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included herein.

The following table summarizes the total compensation paid or earned by each of the named executive officers for each of the three fiscal years in the period ended December 31, 2010. In addition, due to his nomination to stand for election as a director of the Company at the 2011 Annual Meeting of Stockholders, we have included information for Steven J. Golsen. We did not grant equity-based awards to the named executive officers or to Steven J. Golsen during 2010, 2009 or 2008.

(1) As discussed below under "1981 Agreements" and "2005 Agreement," we entered into individual death benefit agreements in 1981 and a death benefit agreement in 2005. Reported compensation for the death benefit under these agreements is the greater of:

- the expense incurred for our accrued death benefit liability; or

- the pro rata portion of life insurance premium expense to fund the undiscounted death benefit.

Amounts accrued under these agreements are not paid until the death of the named executive officer.

As discussed below under “1992 Agreements”, we entered into benefit agreements in 1992, which include a death benefit until the employee reaches age 65 or benefits for life commencing when the employee reaches age 65. Compensation reported for these benefits is the greater of:

- the expense incurred associated with our accrued benefit liability or
- the pro rata portion of life insurance premium expense to fund the undiscounted death benefit.

The amounts set forth under “All Other Compensation” are comprised of the compensation expense relating to the 1981 Agreements, 1992 Agreements, and 2005 Agreement, as described above, and perquisites for 2010, as follows:

| | 1981 Agreements | 1992 Agreements | 2005 Agreement | Other (A) | Total |

(A) Amount relates to the personal use of automobiles, cell phones and country club dues.

Employment Agreement

We have an employment agreement with Jack E. Golsen, which requires the Company to employ Mr. Golsen as an executive officer of the Company. The employment agreement may be terminated by either party by written notice at least one year prior to the expiration of the then current term. The current term of the employment agreement expires March 21, 2014, but will be automatically renewed for additional three-year periods. Under the terms of such employment agreement, Mr. Golsen shall:

- be paid an annual base salary at his 1995 base rate, as adjusted from time to time by the Compensation Committee, but such shall never be adjusted to an amount less than Mr. Golsen’s 1995 base salary,
- be paid an annual bonus in an amount as determined by the Compensation Committee, and
- receive from the Company certain other fringe benefits (vacation; health and disability insurance).

The employment agreement provides that Mr. Golsen’s employment may not be terminated, except:

- upon conviction of a felony involving moral turpitude after all appeals have been exhausted (“Conviction”),
- Mr. Golsen’s serious, willful, gross misconduct or willful, gross negligence of duties resulting in material damage to the Company, taken as a whole, unless Mr. Golsen believed, in good faith, that such action or failure to act was in our best interest (“Misconduct”), and
- Mr. Golsen’s death.

However, no termination for a Conviction or Misconduct may occur unless and until the Company has delivered to Mr. Golsen a resolution duly adopted by an affirmative vote of three-fourths of the entire membership of the Board of Directors at a meeting called for such purpose after reasonable notice given to Mr. Golsen finding, in good faith, that Mr. Golsen violated such item.

The employment agreement provides that, if Mr. Golsen’s employment is terminated for reasons other than due to a Conviction or Misconduct, then we shall pay to Mr. Golsen:

- a cash payment on the date of termination, equal to the amount of Mr. Golsen’s annual base salary at the time of such termination and the amount of the last bonus paid to Mr. Golsen prior to such termination times the number of years remaining under the then current term of the employment agreement, and
- provide to Mr. Golsen all of the fringe benefits that the Company was obligated to provide during his employment under the employment agreement for the remainder of the term of the employment agreement.

If there is a change in control (as defined in the severance agreement between Mr. Golsen and the Company as discussed below under “Severance Agreements”) and within 24 months after such change in control Mr. Golsen is terminated, other than for Cause (as defined in the severance agreement), then in such event, the severance agreement between Mr. Golsen and the Company shall be controlling.

In the event Mr. Golsen becomes disabled and is not able to perform his duties under the employment agreement as a result if the disability for a period of 12 consecutive months within any two-year period, we will pay Mr. Golsen his full salary for the remainder of the term of the employment agreement and thereafter 60% of such salary until Mr. Golsen’s death.

1981 Agreements

During 1981, we entered into individual death benefit agreements (the “1981 Agreements”) with certain key employees (including certain of the named executive officers). The designated beneficiary of each named executive officer will receive a monthly benefit for a period of 10 years if the officer dies while in the employment of the Company. The 1981 Agreements, as amended, provide that we may terminate the agreement as to any officer at anytime prior to the officer’s death. We have purchased life insurance on the life of each officer covered under the 1981 Agreements to provide a source of funds for our obligations under the 1981 Agreements. We are the owner and sole beneficiary of each of the insurance policies and the proceeds are payable to the Company upon the death of the officer. The following table sets forth the amounts of annual benefits payable to the designated beneficiary or beneficiaries of the named executive officer’s under the 1981 Agreements.

| <u>Name of Individual</u> | <u>Amount of Annual Payment</u> |
|---------------------------|---------------------------------|
| Jack E. Golsen | \$ 175,000 |
| Tony M. Shelby | \$ 35,000 |
| Barry H. Golsen | \$ 30,000 |
| David R. Goss | \$ 35,000 |
| David M. Shear | N/A |
| Steven J. Golsen | \$ 19,000 |

1992 Agreements

During 1992, we entered into individual benefit agreements with certain of our key employees (including certain of the named executive officers) to provide compensation to such individuals in the event that they are employed by the Company at age 65 (the “1992 Agreements”). Each officer that has entered into a 1992 Agreement is eligible to receive a designated benefit (“Benefit”) as set forth in the 1992 Agreements, as amended. The officer will receive the Benefit beginning at the age 65 for the remainder of the officer’s life. If prior to attaining the age 65, the officer dies while in the employment of the Company, the designated beneficiary of the officer will receive a monthly benefit (“Death Benefit”) for a period of 10 years. The 1992 Agreements provide that we may terminate the agreement as to any officer at any time and for any reason prior to the death of the officer. We have purchased insurance on the life of each officer covered under the 1992 Agreements. We are the owner and sole beneficiary of each insurance policy, and the proceeds are payable to the Company to provide a source of funds for our obligations under the 1992 Agreements. Under the terms of the 1992 Agreements, if the officer becomes incapacitated prior to retirement or prior to reaching age 65, the officer may request us to cash-in any life insurance on the life of such officer purchased to fund our obligations under the 1992 Agreements. Jack E. Golsen does not participate in the 1992 Agreements.

The following table sets forth the amounts of annual benefits payable to the named executive officers under the 1992 Agreements at December 31, 2010.

| Name of Individual | Amount of Annual Benefit | Amount of Annual Death Benefit |
|--------------------|--------------------------|--------------------------------|
| Jack E. Golsen | N/A | N/A |

| David M. Shear | \$ 17,822 | \$ 7,957 |
| Steven J. Golsen | \$ 17,545 | \$ 10,690 |

2005 Agreement

During 2005, we entered into a death benefit agreement (“2005 Agreement”) with Jack E. Golsen. This agreement replaced existing benefits that were payable to Mr. Golsen. The 2005 Agreement provides that, upon Mr. Golsen’s death, we will pay to Mr. Golsen’s family or designated beneficiary \$2.5 million to be funded from the net proceeds received by us under certain life insurance policies on Mr. Golsen’s life that were purchased and are owned by the Company. The 2005 Agreement requires that we are obligated to keep in existence no less than \$2.5 million of the stated death benefit. The life insurance policies in force provide an aggregate stated death benefit of \$7 million to the Company, as beneficiary.

Life Insurance Policies

As discussed above under the 1981 Agreements, 1992 Agreements and 2005 Agreements, we have purchased life insurance on the life of each named executive officer to provide a source of funds for our obligations under these agreements. The following table sets forth the total face value of life insurance policies in force for each named executive officer and the net cash surrender value of the life insurance policies at December 31, 2010.

| Name of Individual | Total Face Value of Life Insurance Policies | Amount of Net Cash Surrender Value |
|--------------------|---|------------------------------------|
| Jack E. Golsen | \$ 7,000,000 | \$ 920,135 |
| Tony M. Shelby | \$ 788,049 | \$ 12,694 |
| Barry H. Golsen | \$ 4,115,016 | \$ 385,906 |
| David R. Goss | \$ 1,334,372 | \$ 287,516 |
| David M. Shear | \$ 450,000 | \$ 506 |
| Steven J. Golsen | \$ 871,127 | \$ 14,767 |

401(k) Plan

We maintain the LSB Industries, Inc. Savings Incentive Plan (the “401(k) Plan”) for the employees (including the named executive officers) of the Company. As relating to the named executive officers, the 401(k) Plan is funded by each officer’s individual contributions. We make no contributions to the 401(k) Plan for any of the named executive officers. The amount that an officer may contribute to the 401(k) Plan equals a certain percentage of the employee’s compensation, with the percentage based on the officer’s income and certain other criteria as required under Section 401(k) of the Internal Revenue Code. We deduct the amounts contributed to the 401(k) Plan from the officer’s compensation each pay period, in accordance with the officer’s instructions, and pay the amount into the 401(k) Plan pursuant to the officer’s election. The salary and bonus set forth in the Summary Compensation Table above include any amounts contributed by the named executive officers during the 2010, 2009 and 2008 fiscal years pursuant to the 401(k) Plan.

Severance Agreements

We have entered into severance agreements, as amended, with each of the named executive officers. Each severance agreement provides (among other things) that if, within 24 months after the occurrence of a change in control (as defined) of the Company, we terminate the officer's employment other than for cause (as defined), or the officer terminates his employment for good reason (as defined), we must pay the officer an amount equal to 2.9 times the officer's base amount (as defined). The phrase "base amount" means the average annual gross compensation paid by the Company to the officer and includable in the officer's gross income during the most recent

five-year period immediately preceding the change in control. If the officer has been employed by the Company for less than five years, the base amount is calculated with respect to the most recent number of taxable years ending before the change in control that the officer worked for the Company.

The severance agreements provide that a “change in control” means a change in control of the Company of a nature that would require the filing of a Form 8-K with the SEC and, in any event, would mean when:

- any individual, firm, corporation, entity, or group (as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) becomes the beneficial owner, directly or indirectly, of 30% or more of the combined voting power of LSB’s outstanding voting securities having the right to vote for the election of directors, except acquisitions by:
 - any person, firm, corporation, entity, or group which, as of the date of the severance agreement, has that ownership, or
 - Jack E. Golsen, his wife; his children and the spouses of his children; his estate; executor or administrator of any estate, guardian or custodian for Jack E. Golsen, his wife, his children, or the spouses of his children, any corporation, trust, partnership, or other entity of which Jack E. Golsen, his wife, children, or the spouses of his children own at least 80% of the outstanding beneficial voting or equity interests, directly or indirectly, either by any one or more of the above-described persons, entities, or estates; and certain affiliates and associates of any of the above-described persons, entities, or estates;
- individuals who, as of the date of the severance agreement, constitute our Board of Directors (the “Incumbent Board”) and who cease for any reason to constitute a majority of the Board of Directors except that any person becoming a director subsequent to the date of the severance agreement, whose election or nomination for election is approved by a majority of the Incumbent Board (with certain limited exceptions), will constitute a member of the Incumbent Board; or
- the sale by the Company of all or substantially all of its assets.

Except for the severance agreement with Jack E. Golsen, the termination of an officer’s employment with the Company “for cause” means termination because of:

- the mental or physical disability from performing the officer’s duties for a period of 120 consecutive days or one hundred eighty days (even though not consecutive) within a 360 day period;
- the conviction of a felony;
- the embezzlement by the officer of our assets resulting in substantial personal enrichment of the officer at the expense of the Company; or
- the willful failure (when not mentally or physically disabled) to follow a direct written order from our Board of Directors within the reasonable scope of the officer’s duties performed during the 60 day period prior to the change in control.

The definition of “Cause” contained in the severance agreement with Jack E. Golsen means termination because of:

- the conviction of Mr. Golsen of a felony involving moral turpitude after all appeals have been completed; or
- if due to Mr. Golsen’s serious, willful, gross misconduct or willful, gross neglect of his duties has resulted in material damages to the Company, taken as a whole, provided that:
 - no action or failure to act by Mr. Golsen will constitute a reason for termination if he believed, in good faith, that such action or failure to act was in our best interest, and
 - failure of Mr. Golsen to perform his duties hereunder due to disability shall not be considered willful, gross misconduct or willful, gross negligence of his duties for any purpose.

The termination of an officer’s employment with the Company for “good reason” means termination because of:

- the assignment to the officer of duties inconsistent with the officer’s position, authority, duties, or responsibilities during the 60 day period immediately preceding the change in control of the Company or any other action which results in the diminishment of those duties, position, authority, or responsibilities;
- the relocation of the officer;
- any purported termination by the Company of the officer’s employment with us otherwise than as permitted by the severance agreement; or

- in the event of a change in control of the Company, the failure of the successor or parent company to agree, in form and substance satisfactory to the officer, to assume (as to a successor) or guarantee (as to a parent) the severance agreement as if no change in control had occurred.

Except for the severance agreement with Jack E. Golsen, each severance agreement expires on the earlier of: (a) three years after the date of the severance agreement, or (b) the date of retirement from the Company; however, beginning on the first anniversary of the severance agreement and on each annual anniversary thereafter, the term of the severance agreement automatically extends for an additional one-year period, unless we give notice otherwise at least 60 days prior to the anniversary date. The severance agreement with Jack E. Golsen is effective for a period of three years from the date of the severance agreement; except that, commencing on the date one year after the date of such severance agreement and on each anniversary thereafter, the term of such severance agreement shall be automatically extended so as to terminate three years from such renewal date, unless we give notices otherwise at least one year prior to the renewal date.

Potential Payments Upon Termination or Change-In-Control

Compensation Risk Assessment

We determined that our compensation policies do not create risks that are reasonably likely to have a material adverse effect on us. This conclusion was based on the assessment performed by us, with input from our executive management and our legal counsel. Our assessment included consideration of Item 402(s) of Regulation S-K as discussed between our management and our legal counsel. In conducting the compensation risk assessment, numerous factors were considered, including:

- we do not offer significant short-term incentives that would reasonably be considered as motivating high-risk investments or other conduct that is not consistent with the long term goals of the Company;
- the mix between short-term and long-term compensation, which is also discussed herein;
- the type of equity awards granted to employees and level of equity and equity award holdings; and
- the historical emphasis on long term growth and profitability, over short term gains.

Our Compensation Policies May Discourage Other Parties From Attempting to Acquire Us

We have entered into severance agreements with our executive officers and some of the executive officers of our subsidiaries that provide, among other things, that if, within a specified period of time after the occurrence of a change in control of our Company, these officers are terminated, other than for cause, or the officer terminates his employment for good reason, we must pay such officer an amount equal to 2.9 times the officer's average annual gross salary for the last five years preceding the change in control. See "Severance Agreements" and "Employment Agreement," above. These agreements may discourage a third party tender offer, proxy contest, or other attempts to acquire control of us and could have the effect of making it more difficult to remove incumbent management.

While we believe that the foregoing risk factor is material to investors, we do not believe that such risk rises to the "reasonably likely to have a material adverse effect" standard of Item 402(s) of Regulation S-K.

Compensation of Directors

In 2010, we compensated our non-employee directors for their services as directors on our Board. Our Directors were not awarded stock options or other equity based compensation in 2010. Directors who are employees of the Company receive no compensation for their services as directors.

The following table summarizes the compensation paid by us to our non-employee directors during the year ended December 31, 2010.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee has the authority to set the compensation of all of our officers. This Compensation Committee considers the recommendations of the Chief Executive Officer when setting the compensation of our officers. The Chief Executive Officer does not make a recommendation regarding his own salary, and does not make any recommendation as to the President’s salary. The members of the Compensation Committee are the following independent non-employee directors: Horace G. Rhodes (Chairman), Charles A. Burch, and Bernard G. Ille. Neither Mr. Rhodes, Mr. Burch nor Mr. Ille is, or ever has been, an officer or employee of the Company or any of its subsidiaries. None of our executive officers or members of the Compensation Committee had any relationship requiring disclosure under Item 404 of Regulation S-K during 2010.

Equity Compensation Plan Information

| Equity Compensation Plan Information | | | |
|---|--|--|--|
| Plan Category | Number of securities to be issued upon exercise of outstanding options, warrants and rights (a) | Weighted-average exercise price of outstanding options, warrants and rights (b) | Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c) |
| Equity compensation plans approved by stockholders | 752,376 | \$ 8.21 | 871,670 |

| Total | <u><u>763,626</u></u> | \$ 8.13 | <u><u>871,670</u></u> |

(1) Non-Stockholder Approved Plan From time to time, the Compensation Committee and/or the Board of Directors has approved the grants of certain nonqualified stock options as the Board has determined to be in our best interest to compensate directors, officers, or employees for service to the Company. On November 29, 2001, we granted to certain of our employees nonqualified stock options to acquire 102,500 shares of common stock in consideration of services to the Company. These options are fully exercisable and expire 10 years from the grant date. As of December 31, 2010, only 11,250 shares remain issuable under the nonqualified stock options at an exercise price of \$2.73 per share, which is equal to the market value of our common stock at the date of grant. The nonqualified stock options were not approved by our stockholders.

The following table sets forth certain information as of April 18, 2011, regarding the ownership of our voting common stock and voting preferred stock by each person (including any "group" as used in Section 13(d)(3) of the Securities Act of 1934, as amended) that we know to be beneficial owner of more than 5% of our voting common stock and voting preferred stock. Related Party Transactions

During 2010, we incurred interest expense of \$137,500 relating to the debentures held by the Golsen Group, which was subsequently paid in January 2011.

In March 2011, we paid dividends totaling \$300,000 on our Series B Preferred and our Series D Preferred, all of the outstanding shares of which are owned by the Golsen Group. In March 2011, the Golsen Group sold \$3,000,000 of the 5.5% Debentures it held to a third party. During the three months ended March 31, 2011, we incurred interest expense of \$27,500 relating to \$2,000,000 of the 5.5% Debentures held by the Golsen Group, which amount remained accrued at March 31, 2011. As of April 18, 2011, the Golsen Group owned \$2,000,000 principal amount of the 5.5% Debentures.

During 2010, GPC occupied approximately 1,400 square feet of office space in Chemical Business' offices for which the annual rent is \$12,000.

Heidi Brown Shear, our Vice President and Managing Counsel, 2010 compensation was approximately \$174,000, which included \$30,000 bonus and \$4,100 automobile allowance.

Northwest

Northwest Internal Medicine Associates ("Northwest"), a division of Plaza Medical Group, P.C., has an agreement with us to perform medical examinations of the management and supervisory personnel of the Company. Each year, we pay Northwest \$2,000 a month to perform such examinations, under the agreement. Dr. Robert C. Brown (a director of the Company) is Vice President and Treasurer of Plaza Medical Group, P.C. In addition, Dr. Brown receives a fee of \$2,000 per month to perform medical director consulting services for the Company in connection with our self-insured health plan and workers' compensation benefits.

Proposed Transaction with Landmark

We are currently considering a proposed acquisition of certain real estate ("Real Estate") from Landmark Land Company, Inc. ("Landmark") (the "Acquisition") located in Oklahoma City and Laguna Vista, Texas. If the transaction is consummated, the aggregate proposed purchase price for the Real Estate is approximately \$5 million. The Company would undertake the Acquisition, if completed, as a five to seven year investment. If completed, the proposal contemplates that Landmark would be engaged to develop the Real Estate as a residential development and a golf course and market the Real Estate on our behalf, at our election. Landmark has agreed to use the geothermal heat pumps manufactured by our Climate Control Business wherever feasible in the development of the Real Estate. Jack E. Golsen, our Chief Executive Officer and Chairman, and another individual formed a limited liability company ("LLC"), and each contributed \$1 million to the LLC. The LLC subsequently loaned Landmark the \$2 million. In March 2011, Mr. Golsen sold his membership interest in the LLC to Gerald Barton, the Chief Executive Officer and a substantial stockholder of Landmark. Mr. Barton issued a promissory note to Mr. Golsen in the principal amount of \$1,076,770, representing the amount that Mr. Golsen had invested in the LLC, plus interest (the "Barton Note"). The Barton Note is due and payable in June 2011. In addition, Bernard Ille, a director, served as a director of Landmark for many years until he resigned in March, 2011. In light of the Barton Note and Mr. Ille's past relationship with Landmark, our Board appointed a Special Committee for the purpose of reviewing, on our behalf, the Acquisition to evaluate the risks and benefits to us of the Acquisition. If the Acquisition is approved by the Special Committee and is consummated, we will provide a condition to the Acquisition that Landmark will not use any of the proceeds from the Acquisition to repay Landmark's obligation to the LLC or Gerald Barton's obligation under the Barton Note.
